MAYANK VIROLE

BHOPAL, MADHYA PRADESH | +917828888144 | virolemayank@gmail.com

I am currently an undergraduate student skilled in multiple programming languages as well as some of the up and coming technologies. I have made myself comfortable in the field of competitive coding. I am also quite skilled at problem solving and data structures.

SKILLS AND ACCOMPLISHMENTS

- C++ (PROGRAMMING LANGUAGE)
- PYTHON (PROGRAMMING LANGUAGE)
- DATA STRUCTURES AND ALGORITHMS
- PROBLEM SOLVING
- CODECHEF (2STAR) CODER
- 200+ Questions on Leetcode
- Web Development using Django

PROJECTS

TIC-TAC-TOE GAME PROJECT

This project was made to replicate the famous tic tac toe game for two players on a computer. It involved two manual inputs without the option of an automated response. It was made using only C++ programming language

WEB APPLICATION – URLSHORTENER

This application uses Django-Heroku to deploy a web app for url shortening.

WEB SCRAPING TOOL

A program that can extract media from the internet on the device using Python

TEXT-BASED ROLE PLAYING GAME

Made using Python language , also has color graphics from colors library in Python.

EDUCATION
